The New York City code requires that no electrical equipment or apparatus can be connected unless it conforms to its Electrical Code. There will be an Electrician on-site during set-up only. During event dates, there will not be an Electrician on-site but there will be Electricians on call, at and additional cost to Vendors, to correct any minor infractions.

All electrical apparatus and splices must be installed in a metal enclosure to prevent sparks. All metal raceways, metal lighting fixtures and metal housings of electrically-powered equipment should be grounded. All cables shall be 3 wires SJ cord or other approved type.
